CITY MANAGER'S OFFICE

PRESS RELEASE

November 21, 2012

This is notification that waterline protection program solicitations from American Water Resources are being sent to residents of Junction City. American Water Resources is not affiliated with the City and the City does not endorse the services provided by this company.

Homeowners should be aware that they are responsible for their service line from the house to the main water line, not just the property line.

The City advises citizens to completely investigate any home warranty or maintenance agreements. These types of agreements are uncommon and may not provide the coverage marketed by the solicitation.
