

Street Sweeping Schedule

The City of Junction City will be sweeping arterial and collector streets for the week of August 5th thru Aug 9th. The areas listed for the week will be swept. It is helpful if the property owners have the curb and gutter clear of large items and parked vehicles. Parked vehicles and other items prevent the street sweeper from sweeping the gutter. The area will be rescheduled if inclement weather or mechanical problems prevent sweeping as scheduled.

As a reminder please do not rake leaves or blow grass clippings into the gutter pan or street as this causes problems with traffic, storm drains and the storm water regulations. The City of Junction City will continue to pickup leaves during its normal sanitation route up to fifteen (15) bags if they are properly bagged. If you have any questions concerning street sweeping or sanitation pickup please call 238-7142.
