From: Ray Ibarra, Director of Public Works

Date: 3/11/2017

Re: KDOT 6th and Franklin Traffic Signalization Project

KDOT will begin the Traffic Signalization project for the intersection of 6th & Franklin on Monday, March 13, 2017.

Traffic at the intersection of 6th St. east and west of Washington St. and Franklin St. between 7th & 5th St. will be inconvenienced during the road construction for the next two months and motorist will need to follow the posted work zone signage and pay attention to the construction traffic.

Note: Full access to all businesses within the affected will be provided.

The work involved will consist of removing and replacing curb & gutter, sidewalk, asphalt and installing new traffic signals.

Thank you for your patience during these improvements

Questions please contact the City of Junction City, Public Works Department at 238-7142.
